About Seminar

During the last several years, there has been a significant shift in the landscape of higher education. This Conference offers a unique opportunity to information professionals and knowledge managers to expand their horizons and extend professional expertise. It is a focused event that addresses the latest trends on important themes and sub themes the goal of the role of libraries in Viksit Bharat@2047 is to put a strong focus on library services in the new digital age, as education increasingly must cater to all-round growth as well as knowledge engagement and retention.

Objective of this Seminar

1. It is the objective of this conference to evaluate library services and libraries as a broader basis for information engagement in today's digital world, among many other objectives.

2. According to some, library services must be repurposed and revitalised, in order to face the challenges posed by the changing nature of the information environment.

3. It is our goal to use libraries to discover new applications for library resources and services, and we are preparing this conference to assist us in this endeavour.

4. The conference's purpose is to create awareness about libraries and the need to provide services that assist people in not only finding and using knowledge but also being more involved in the process of learning.
