School of Humanities and Social Science (SHSS)
Diploma in Health Sanitary Inspector (DHSI)

June-2020

Introduction:

Dr. Babasaheb Ambedkar Open University is unique, being the only state distance mode- open University of Gujarat, established by the Government of Gujarat. The prime objective of the University is to equip its learners with knowledge, skills and competencies associated with employability through flexible, learner-centred and technology enhanced way following the basic principles of open and distance education.

The courses offered by the School of Humanities and Social Sciences aim at imparting and generating knowledge on emerging issues and problems of contemporary society, economy and polity. The course structure is choice based, flexible and is interdisciplinary. At the end of the course, a student would be equipped with analytical skills, social science theoretical knowledge based on empirical and field-based learning. Thus a student with this kind of learning can look forward to careers in teaching, management, research, policy making, development sector, media and administration.

The objective of the course is to impart theoretical and as well as technical training appended by practical training programme to learners aspiring to join Health and Sanitation departments of Municipal Bodies, District Councils, Railways, Five-Star Hotels, Food and Drugs Administration, Airports or similar services in other organizations, to deal with Health and Sanitation problems, including preventive health, family welfare, environmental conditions, etc.

Objectives

- ✓ To develop knowledge in core areas of sanitation, including health, family welfare, environmental conditions.
- ✓ To provide technical training augmented by practical training programme to learners.
- ✓ To refine the interpersonal skills and leadership qualities.
- ✓ To broaden the understanding of health and sanitation problems.
