Learning Management System (LMS)

Counselling Process

Mode of Counselling :- Online

Brief describe the provision in LMS to be used by HEI :-

OMKAR-e, an Open Matrix Knowledge Advancement Resources for Empowerment. It confirms the noble aim of the university to make education available to maximum number of people beyond caste, creed and region. What makes this platform so special is that OMKAR-e encourages device independent learning with the help of technology. It provides flexible learning timings that are twenty four by seven. Each multilingual course on OMKAR-e has clearly defined learning outcomes with pedagogical components that consist of text, videos, self-assessment exercises, PPTs, graphs and discussion forums. It also maps progress of the students in the course registered. Provisions available in OMKAR-e E-Learning Platform

- The interface is attractive, intuitive and user friendly and self-explanatory also, learner can easily find the program, course and content.
- Proper navigation is give in form of sitemap at the top of every page
- There is provision for multiple language selection for the entire interface at the top of interface.
- The interface is responsive and can be best viewed in any device including web, mobile, desktop, laptop, tablet etc as shown below.
- University has hosted this platform on its own hosting server with necessary power backup; the videos are currently hosted on YouTube platform as unlisted to ensure availability of the LMS 24x7.
- Faculty can add content in form of text, graphics, tutorial, examples, case studies, self-assessment exercise as shown below.
- FAQ and help section is provided in OMKAR-e for e-Learning. Student can raise questions and get answer from subject expert for the programme/course in which he/she enrolls through discussion forum.
- Student can ask course related question
- Discussion forum
- A state of the art High Definition TV and Sound recording studio with post production facilities is available to ensure high quality educational content production and enriching the archival system for OMKAR-e. It offers multilingual course with clearly defined learning outcomes with pedagogical components that consist of text, videos, self-assessment exercises and discussion forums.
- The huge storage space is required for storing OMKAR-e courses videos, hence the videos for the courses are hosted on free YouTube platform which is standard platform for hosting videos however videos can be access only from OMKAR-e.
- Anyone who has internet enabled device can learn on OMKAR-e.
- OMKAR-e encourages device independent learning with the help of technology. It provides flexible learning timings – 24 × 7.
- Student can be informed to interact live with faculty member via email or SMS for question/answer and counseling session at specific time.
- The LMS has created with repository of pre-configured service emails and SMS with cross email client compatible and advance level group configuration.
- The answers given by a specific user can benefit other users that have common set of questions. Discussion Forum encourages users to build rich conversations and effectively share knowledge.
- The platform is designed to engage learner with the help of interactive self-assessment exercise, discussion forum, tutorials, case-studies and various notifications through SMS and email.
- The video, audio, text content developed is approved by school councils before published on OMKAR-e.
- The Self Learning Material, Video, Self-Assessment Exercise and References are ready for all the proposed course
- Quality from the video, audio, learning perspectives: The video are recorded in full HD quality and follows guidelines for e-content development
- Discussion forum
- Peer group interaction provisions
- Learning Communicates / Research forums
- Collaboration of internal / external communities
- Collaboration methodology
- Adaptive learning provisions
- Provision for grouping the learners with different mentors
- Dashboard options for all the stakeholders
- Proctored examination methodology
- Examination support – formation & summative
- Online question bank management, paper setting, valuations
- Online students registration and exam scheduling
- Online generation of grades based on continuous evaluation
- Learner authentication
- Examination support-Multiple choice and Long/Short answers
- Provisions for Online assignments creation, submission & grading
- Availability of tool to keep students informed about activities, performance etc.
- online payment gateway
- Browsers supported, main site having responsive design
- The platform support the standard four quadrant approach followed by SWAYAM
- Security features from transparency & credibility perspective
- Scalability

Briefly write how the Learning Management System (LMS) will ensure the following: (provide a demo link, if available) :- <https://baou.edu.in/omkar-e>

Assessment mechanism	The University has planned to conduct examinations through Proctored Examination mode at designated Learner Support Centre having requisite infrastructure complying with the UGC (Online Courses or Programmes) Regulations 2020. The LMS platform has supports for both formation & summative assessment: a. Online question bank management, paper setting, valuations b. Online students registration and exam scheduling c. Online generation of grades based on continuous evaluation d. Learner authentication The instructor can create/upload assignments online and students can submit the written assignments online. If the assignment contents are objective then it will be evaluated automatically and if it is subjective then instructor can evaluate it online and award the marks/grade.
Identified technological interface and interoperability	The interface is attractive, intuitive and user friendly and self-explanatory also, learner can easily find the program, course and content. Proper navigation is give in the form of sitemap at the top of every page. There is provision for multiple language selection for the entire interface at the top of interface. The interface is responsive and can be best viewed in any device including web, mobile, desktop, laptop, tablet etc. Flexibility: The LMS is device responsive. Scalability: The platform is mean to adapt the changing needs of online learning programs. It is able to easily manage a large amount of data, tolerate a large number of users accessing the system at the same time, allow users to connect from all over the world without delays, manage and organize users into different programmes
Learner's Authentication Requirements	The university exercise proper learner's authentication practice to ensure the academic integrity and all the Indian learners, at the time of enrolment, synchronous /asynchronous participations and all assessments for examinations are required to provide the Aadhaar number or other government recognised identifier, as applicable and verify their information for authentication for which necessary infrastructure or support will be provided to them by the university; All the International learners will be authenticate their credentials through Passports only. These learners should pursue Online programmes from their country of residence.
Learner Registration - through a web application	Learner is require to register through Learning Management System (OMKAR-e) with supporting documents. Learner is required to make payment through payment gateway using Digital Payment system integrated with LMS.
Active Engagement of the Learners along with Analytics for active engagement of learners and Reporting	The platform is designed to engage learner with the help of interactive self-assessment exercise, discussion forum, tutorials, case-studies and various notifications through SMS and email. The platform provides adaptive learning i.e. it can modify the presentation of material in response to student performance. it use learning analytics to enable human tailoring of responses.
Payment Gateway –using Digital Payment system	The university has integrated payment gateway for online payment of various fees i.e. admission, exam, certificate, transcript, degree certificate etc. charged by the university. Link for the same is provided for programme fees payment
Tracking the delivery of a Course or programme	The OMKAR-e enable the teachers to create customized tests for students, accessible and submitted online. Besides facilitating online learning, tracking learning progress, providing digital learning tools, manage communication to provide different communication features
Technical Know-how or Skills Requirements	Learners to be enrolled for the Online Programmes shall be acquainted with the requisite information or literacy skills for which there shall be a helpline for technical assistance throughout the semester/course of study.
